*Why do we believe in a Student Travel Program?*

Our *Portrait of a Graduate* outlines three goals of a Habersham education: becoming Thoughtfully Engaged, Culturally Aware, and Community Minded. Our Student Travel Program creates opportunities for students to experience all three of these facets of learning, and thus, is a significant supplement to our mission.

*Where do we go?*

In the 6<sup>th</sup> grade, our students have the opportunity to take part in their first student travel trip. While on this trip, logic students will see various sites of our nation’s capital such as *Arlington National Cemetery*, *The Holocaust Museum*, and *The Smithsonian*. We seek to foster a love of learning through travel that will open our student’s minds to the world around them.

In the 9<sup>th</sup> grade, our students have the opportunity to take part in an American History Trip. In past years, our students have been able to see several cities on the East Coast such as Boston, New York City, Philadelphia, Salem, Lexington, and Concord. On this trip, students will experience a Broadway show, the Statue of Liberty, Old North Church and so much more.

In the 12<sup>th</sup> grade, our seniors have the opportunity to take a Senior Trip to Europe as a capstone to their classical learning experience. On this trip, students are immersed in ancient and modern cultures of the Western world as they explore the wonders of Ancient Rome and Ancient Greece.
